HE REPLIED, "WHETHER HE IS A SINNER OR NOT, I DON'T KNOW. ONE THING I DO KNOW. I WAS BLIND, BUT NOW I SEE!

- JOHN 9:25 (NIV)

- This is Edisa greeting me when I arrived at the first of two vision camps in Uganda this past month. Not only did she receive glasses from the Lions Club last year, we sent her for cataract surgery and she can now see well.

DR. MICHAEL MAKUMBI

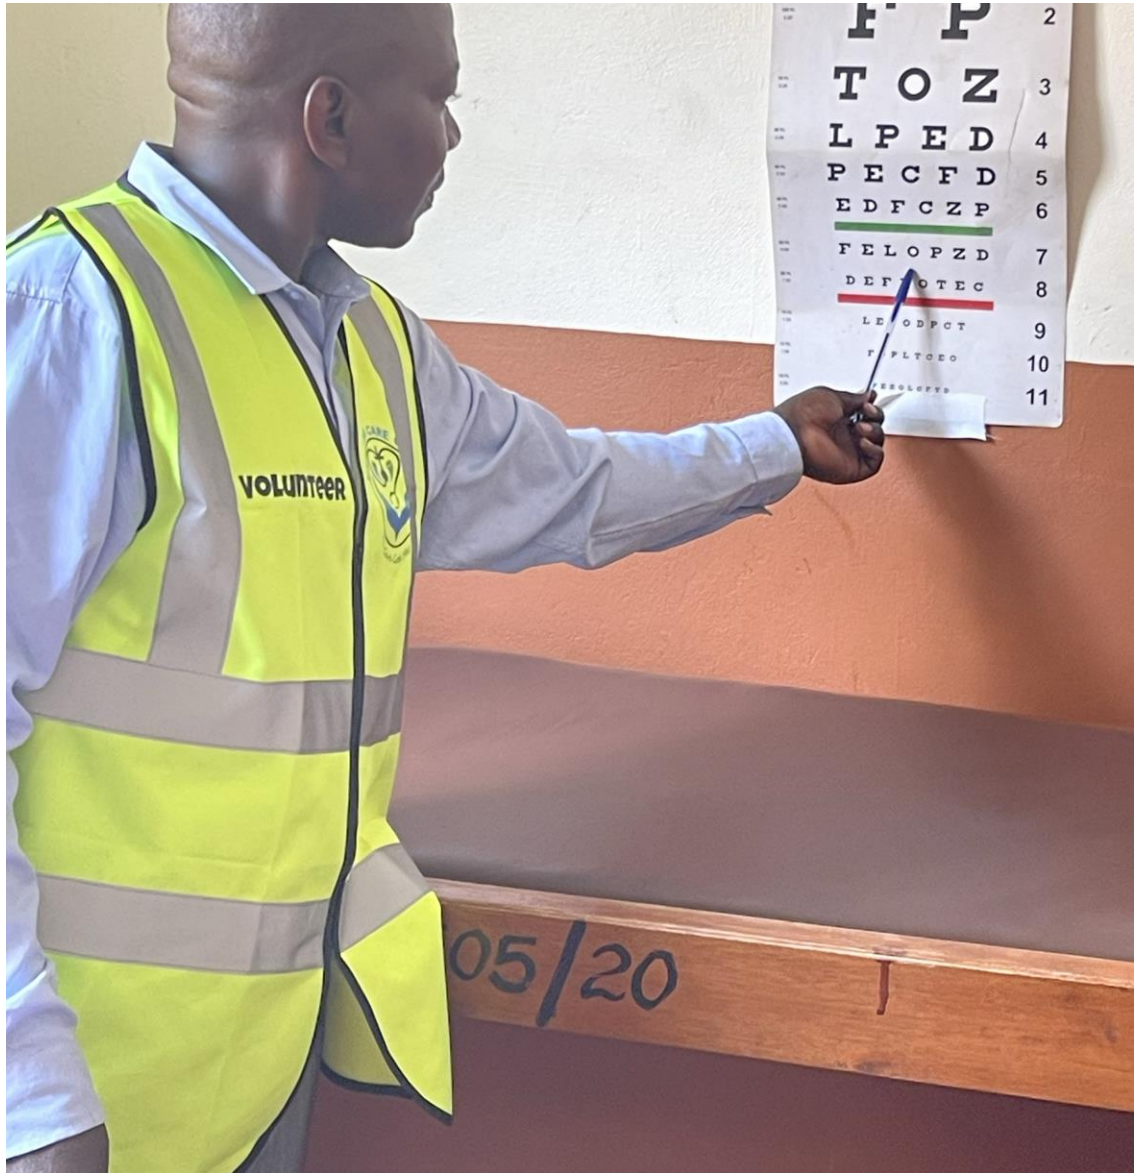

- I was trained do vision testing on the mission field with the help of a focimeter. I would have to turn many away because I couldn‘t help with cataracts,, etc.
- Now we have have an eye doctor who travels with us and donates his time to help us. He has polio and has not let that stop him.

HUENINK CARE CLINIC CAMP

- We treated at least 400 patients at this camp.
- We identified 23 with cataracts and they will travel on September 16th for surgery.
- The cost for each is $250 which includes surgery, travel (we take them together in a mini bus), food, and a place to sleep. We send a caretaker and Dr. Makumbi with each group.

Unfortunately, this man had tried local methods (witchcraft) and was blind in one eye.

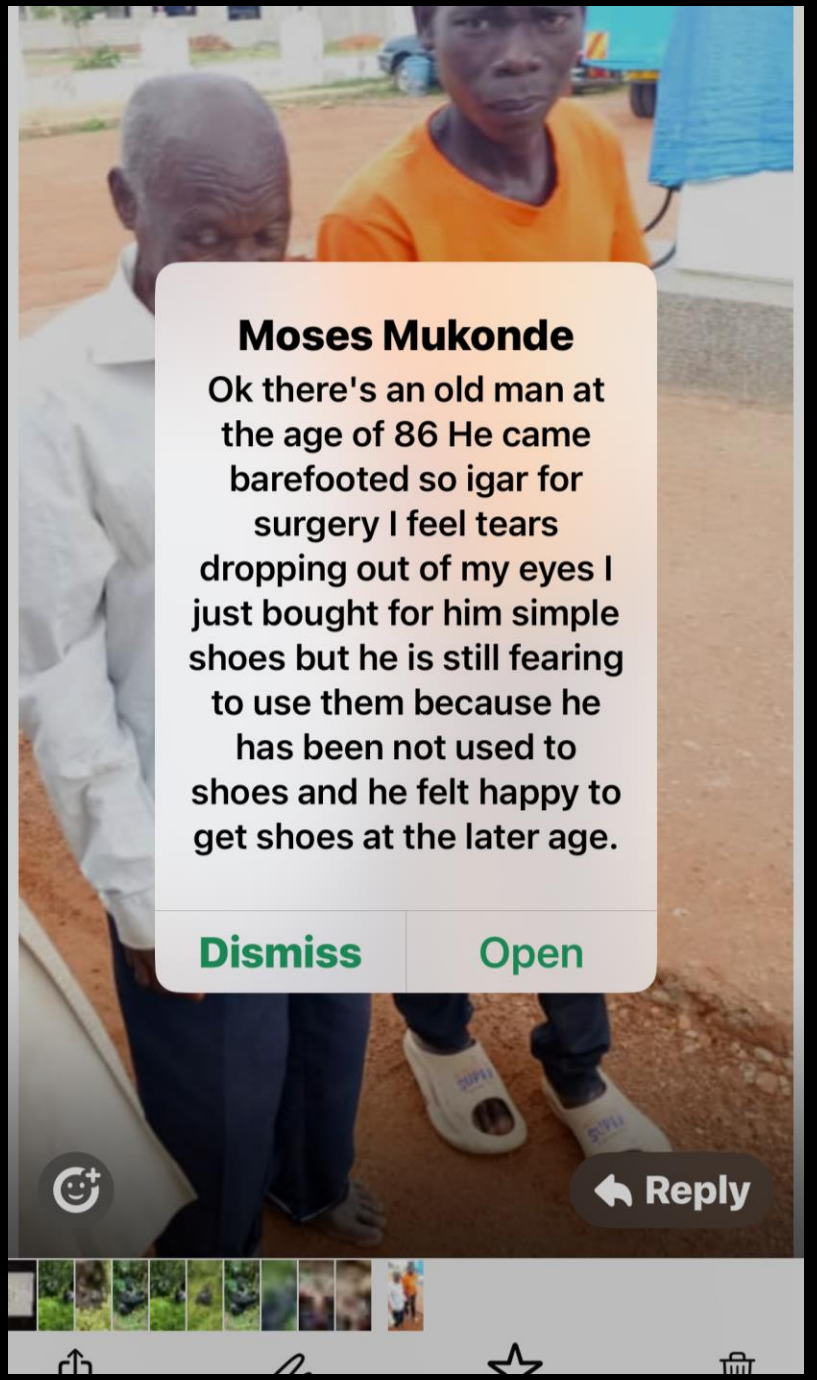

GRACE CHRIST COMMUNITY VISION CAMP

- We treated approx. 233 patients at this camp. We had to buy more glasses to accommodate the needs of the patients.
- We identified 19 with cataracts and they traveled on 9/8/24 for surgery.
- The cost for each is $250 which includes surgery, travel (we take them together in a mini bus), food, and a place to sleep. We send a caretaker and Dr. Makumbi with each group.

Moses Mukonde
Ok there's an old man at the age of 86 He came barefooted so igar for surgery I feel tears dropping out of my eyes I just bought for him simple shoes but he is still fearing to use them because he has been not used to shoes and he felt happy to get shoes at the later age.

Sharon was born with cataracts at birth and at age 5 we took her for surgery. She is 15 now. She wants to be a cosmetologist. Her testimony is to tell about the blind man in John 9. He was born blind so God could be glorified when his sight was restored.

Shafik was born with cataracts, but he can now see. Or next project is to help him with this hearing. We aren't certain if he needs hearing aids or cochlear implants. The boy on the right can see, but can only open his eyelids manually. He is scheduled for surgery in January when a team of doctors are coming from Harvard.

Dear Lions Club Members:

I want to extend my heartfelt gratitude for your incredible generosity in donating hundreds of pairs of glasses to those in need in Africa. Your kindness is truly making a difference in the lives of many individuals who have struggled with vision impairment.

Thanks to your commitment and compassion, countless people are now able to see the world more clearly—enabling them to pursue their dreams, engage with their communities, and enhance their daily lives. Your support is not just about providing glasses; it's about restoring hope and empowering individuals to thrive.

Your dedication to service and the well-being of others embodies the spirit of compassion and humanity. We are deeply thankful for your partnership in this mission to bring light into the lives of so many.

With heartfelt appreciation,

Kelly J. Huenink, Pastor/Missionary
